

Find a quiet place

We want you to get the best out of the event and it only helps if you are in a quiet place both for you and everyone else

Participate

We encourage participation, but one at a time, so use the "raise hands" feature when you want to speak

Be on time

Being late will only make you lose out on precious time with the host, so plan ahead and don't miss a second of the event you paid for

Be Gracious

A pleasant event shifts the focus towards getting the most out of the content of the event, be kind and enjoy conversation

Go Solo

There is a reason we want it to be only 6 people in the event, because the conversation with more than 6 people is less meaningful. So come solo and enjoy it

Have Fun

Last but not least, be yourself, sit back relax and have fun
